DETAILED ACTION

Allowable Subject Matter

1. Claims 1-6 are allowed.

2. The following is an examiner's statement of reasons for allowance: the prior art of record fails to teach or fairly suggest either alone or in combination thereof:

regarding claim 1, a system for stocktaking management, the system comprising a server computer and at least one warehouse connected with the server computer via a network, wherein:

the server computer is used for storing and processing information on stocks, the server computer comprising at least one input device, at least one display device, at least one database and a function module, wherein:

the at least one input device is used for inputting information on stocks; the at least one display device is used for displaying information on stocks; the at least one database is used for storing information on stocks; and

the function module displays a user interface on the at least one display device for receiving and processing the information on stocks input by a user, the function module comprising an information maintaining module, a stock change maintaining module and a stocktaking managing module; and

regarding claim 3, a method for stocktaking management, the method comprising the following steps:

Application/Control Number: 10/748,825

Art Unit: 2876

providing a server computer for storing and processing information on stocks, the server computer comprising at least one input device for a user to input information on stocks, at least one display for displaying information on stocks, at least one database for storing information on stocks and a function module for receiving and processing the information on stocks input by the user;

providing a stocktaking range for the user to select; and

receiving the stocktaking range selected by the user, and generating a stocktaking result table.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

Bauer et al. (US 2003/0216969) teach an inventory management system.

Onozaki (US 6,026.378) teaches a warehouse managing system.

Bong et al. (US 6,845,909) teach systems and methods of inventory management utilizing unattended facilities.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Jamara A. Franklin whose telephone number is (571) 272-2389. The examiner can normally be reached on Monday through Friday 8:00am to 4:30pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Michael G. Lee can be reached on (571) 272-2398. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see http://pair-direct.uspto.gov. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free). If you would like assistance from a USPTO Customer Service Representative or access to the automated information system, call 800-786-9199 (IN USA OR CANADA) or 571-272-1000.
